Chemical Sensors Forum 2008

Where science and industry meet

7–9 September 2008
Hotel Uto Kulm, Uetliberg
Zurich, Switzerland

Scope

The international conference is an interdisciplinary event for experts on chemical sensors from academia and industry and aims to intensify the dialogue between research and industry. The event will further honour the work of Prof. Dr. Ursula E. Spichiger-Keller, who led the Centre for Chemical Sensors (CCS) at the Swiss Federal Institute of Technology (ETH) in Zurich for more than 13 years. In 2007 the CCS was transferred to the Zurich University of Applied Sciences (ZHAW) in Wädenswil, Zurich.

Programme

Sunday 7 September 2008

- Evening (18.00)
Welcome & Dinner at Hotel Uto Kulm, Uetliberg, Zurich

Monday 8 September 2008

- Morning (9.00 Registration, 10.00 – 12.00)
Visions and trends in academic research
- Afternoon (13.30 – 18.00, 18.00 – 20.00 Poster Session, 20.00 Conference Dinner)
Trends in industrial R&D: Process analytics, medical and laboratory sensors from a market viewpoint
Metrology: what do we really measure? Quality assurance, traceability and reliability in sensor analytics

Tuesday 9 September 2008

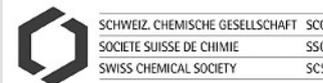

- Morning (9.00 – 12.00)
Users' needs: Does research in industry and universities fulfil the users' requirements?
- Afternoon (13.30 – 15.00)
