SCS CONFERENCES AND SYMPOSIA

01.05.–31.10.2018

DMCCB Basel Symposium 2018: «Novel chemical space and tools for chemical biology, medicinal and agrochemistry»

May 14, 2018, 12.30–17.30h
University of Basel, Pharmcenter
Klingelbergstrasse 50, 4056 Basel
The Division of Medicinal Chemistry & Chemical Biology of the SCS invites you to the next edition of the DMCCB Basel Symposium, a half-day event with five invited speakers. The goal is to stimulate a stronger cooperation among persons

working in different areas of medicinal chemistry and chemical biology. Scientists from applied and fundamental research, from industry, education and regulation are welcome.

Scientific Program

- 13.00 Registration
- 13.30 Introduction
- 13.35 **Dr. Alleyn Plowright**, Sanofi
«Joining forces: applications of Chemical Biology and Medicinal Chemistry to discover novel biological tools and utilise new therapeutic modalities»
- 14.20 **Dr. Miles Congreve**, Heptares Therapeutics Ltd.
«Structure-Based Discovery of Small Molecule and Peptide Agents for GPCR Targets»
- 15.05 Coffee Break
- 15.30 **Prof. Gisbert Schneider**, ETH Zurich
«Artificially-intelligent drug design»
- 16.15 **Prof. Jozef Vanden Broeck**, University of Leuven
«Advances in understanding the mechanisms of RNA interference in insects»
- 17.00 **Prof. David Spring**, University of Cambridge
«Enriching Chemical Space to Drug Undruggable Targets»
- 17.45 Aperitif

SCS Seminars 2018/1: Catalysis Across Scales

June 13–15, 2018
City Hotel Oberland, Interlaken
We are pleased to announce the first summer school organized by SwissCat, the recently established Catalysis Section of the Swiss Chemical Society. The seminar is entitled “Catalysis Across Scales”.

With this event, we aim to bring together the next generation of scientists in the field of heterogeneous, homogeneous, and bio-catalysis. The workshop will cover a unique program, including 13 renowned speakers from academia and industry from the Swiss as well as the international scene. Thematic sessions will embrace the following topics from the fundamental level to process implementation, spanning through advanced preparation and characterization methods as well as process assessment:

- Transformation of small molecules to key intermediates
 - Conversion of renewables
 - Synthesis of complex molecules and materials
- In order to foster interaction among participants and speakers, groups will be formed to discuss current global challenges in catalysis. The outcome will be shared in short presentations.

Speakers and Experts

- Prof. Rebecca Buller, ZHAW, CH
- Dr. Alexey Fedorov, ETH Zurich, CH
- Dr. Davide Ferri, PSI Villigen, CH
- Dr. Denis Gribkov, Syngenta, CH
- Prof. Xile Hu, EPFL Lausanne, CH
- Dr. Hans Iding, Roche, CH
- Prof. Núria López, ICIQ, Spain
- Dr. Jonathan Medlock, DSM, CH
- Dr. Gerhard Mestl, Clariant, Germany
- Dr. Cecilia Mondelli, ETH Zurich, CH
- Dr. Rocco Paciello, CaRLa-BASF, Germany
- Prof. Stavros Papadokonstantakis, Chalmers University, Sweden
- Dr. Esben Taarning, Haldor Topsoe, Denmark

Fees

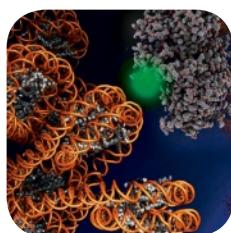

Students, PhD and Postdocs	Regular fees
SCS members	CHF 600
Non-SCS members	CHF 700
Other Participants	Regular fees
SCS members	CHF 1'200
Non-SCS members	CHF 1'400

Deadlines

- 10.05.2018 Deadline for regular registration
- 13.06.2018 Start of the SCS seminar 2018/1

scg.ch/scs-seminars/2018-1

SCS Fall Meeting 2018

September 7, 2018, 09.00–18.45h
EPFL Lausanne, first floor of BS and CE buildings

We are pleased to invite you to the SCS Fall Meeting, one of the largest, annual scientific event held in Switzerland. We are happy and proud to present you a fantastic and diversified program with contributions from academia and industry in all fields of chemistry.

The SCS Fall Meeting offers a unique opportunity for all members of the community to share the results of their research initiatives. It also stimulates the exchange of ideas between all generations of chemists, often creating the seeds for new projects and collaborations. We expect close to 1'000 participants.

The scientific program will offer invited and contributed lectures as well as poster presentations in the following fields:

- Analytical Sciences
- Catalysis Science & Engineering
- Computational Chemistry
- Inorganic & Coordination Chemistry
- Medicinal Chemistry & Chemical Biology
- Organic Chemistry
- Physical Chemistry
- Polymers, Colloids & Interfaces
- Chemical Education

We encourage you to come to Lausanne to present your research and to be part of a vibrant meeting.

Deadlines

13.05.2018: Latest date for abstract submission

24.08.2018: Participant registration (onsite registration on 07.09.18 is possible but may cause queue time)
scg.ch/fallmeeting/2018

Scientiae & Robotica 2018

5.–8. September, 2018,
EPFL, Lausanne
Weiterbildung für Lehrpersonen der Sekundarstufe II
Formation continue pour les enseignantes du secondaire II

Der Kongress richtet sich an Lehrpersonen der Naturwissenschaften und der Mathematik der Sekundarstufe II sowie an Interessierte aus anderen Fachbereichen und Lehrstufen.

Das Programm, bestehend aus Vorträgen und Workshops, bietet den Teilnehmenden die Möglichkeit, Verbindungen zwischen Robotik und Wissenschaftsbildung zu entdecken sowie über die Fach- und Sprachgrenzen hinaus Kontakte zu knüpfen und sowohl mit Kolleginnen und Kollegen als auch renommierten internationalen und nationalen Wissenschaftlern Ideen auszutauschen.

Arbeitsbereiche: Robotik und Biologie / Chemie / Informatik / Mathematik / Physik.

Call für Workshop Beiträge

Interessierte Lehrpersonen, die gerne einen Workshop zu Robotik, Automation oder Big Data im Bereich Chemie anbieten möchten, melden sich bei der SCG über info@scg.ch oder direkt bei den Organisatoren via info@scientiaerobotica.ch.

Neben Spesenrückvergütungen wird ein Honorar für die Durchführung der Workshops ausbezahlt. Möglich sind Arbeitsblöcke von 45min oder 90min.

Clariant Chemistry Day 2018

October 4, 2018, Basel

Half-day symposium including lectures, poster session, discussions and the SCS-Clariant Clean Tech Award 2018.
scg.ch/ccd/2018

13th Swiss Course on Medicinal Chemistry (Leysin Course)

October 7–12, 2018, Leysin

Five-day Medicinal Chemistry School with focus on most modern aspects associated with small molecule drug discovery.

scg.ch/scmc/2018

Artificial Intelligence in Chemical Research

October 9, 2018, Syngenta Research Center, Stein (AG)

This symposium brings together world-experts in the field, who will provide an overview on the status quo of AI in chemical research and an outlook where it is heading to. Key questions for

which we will seek answers during the event:

- What were the key advancements in the recent years?
- Where can AI realistically already make significant contributions in chemical research?
- What are the key challenges that need to be solved to make more progress?

scg.ch/aicr/2018

2nd Swiss Industrial Chemistry Symposium, SICS 2018

October 19, 2018, Basel

Platform for industrial scientists to present their latest research to colleagues from industry but also to the academic community.

18th European Congress on Biotechnology

01.–04.07.2018, The International Conference Centre, Geneva
The European Congress on Biotechnology (ECB) is the leading congress for academic and industrial biotechnologists in Europe and is the flagship biennial event of the European Federation of Biotechnology (EFB).

ecb2018.com/

International Symposium on Reactive Intermediates and Unusual Molecules (ISRIUM) 2018

15.–20.07.2018, Congressi Stefano Franscini (CSF), Monte Verità, Ascona

The conference is one in a series of meetings of chemists who share an interest in understanding the mechanisms by which chemical transformations take place, and identify the reactive intermediates that occur in the course of these transformations. The success of this field since the 1950s had led to the incorporation of mechanistic thinking into the underlying vocabulary, discourse, and teaching of chemistry. ISRIUM 2018 seeks to bring together on Monte Verità practitioners from different fields in chemistry and adjoining disciplines ranging from molecular biology to materials science, who share a mechanistic interest.

Swiss Summer School 2018 in Chemical Biology

19.08.2018 – 23.08.2018, Eurotel Victoria, Villars sur Ollon

Four days summer school covering a wide range of chemical biology. Speakers and teaching body:

Prof. Anna K. H. Hirsch (Germany), Prof. Dimitrios Stamou (Denmark), Prof. Huib Ovaa (The Netherlands), Prof. Jörn Piel, (Switzerland), Prof. Karl Gademann (Switzerland), Prof. Manfred Jung (Germany), Prof. Rudi Fasan (USA), Prof. Seung Bum Park (Korea)

scg.ch/scs-seminars/2018-2

10th International Conference on f-Elements (ICFE-10)

03.–06.09.2018, EPFL, Esplanade, Lausanne

Broad-scope conference encompassing all aspects of rare earths (Sc, Y, lanthanides) and actinides science. Sponsored by the European Rare Earth and Actinide Society, ERES (<http://ereswww.epfl.ch>)

icfe10.epfl.ch

Basel Life 2018

11.–14.09.2018, Congress Center Basel, Basel

Basel Life: Showcasing Europe's Excellence in Life Sciences. The congress is Europe's leading congress in the life sciences, showcasing cutting-edge science and technology. It brings together preeminent researchers in the field, and offers talented young scientists the possibility to present themselves.

Keine halben Sachen.

Die Welt ist voll von Halbwissen. Besonders im sensiblen Umfeld der Chemie ist dies jedoch fehl am Platz. Deshalb arbeiten wir seit 1947 mit Leidenschaft und Liebe zum Detail daran, dass evaluierte Daten und Fakten rund um das Themenfeld Chemie zur Verfügung stehen. Immer. Und ohne Ausnahme. So wurde „Der RÖMPP“ Synonym für inzwischen über 65 000 Stichwörter und über 240 000 Querverweise, auf die man sich verlassen kann. Das sollten Sie sich am besten selbst anschauen.

Sonderkonditionen für SCG-Mitglieder.

Nur 100% sind 100%.
