## Fluorine in the Life Science Industry

---

### EDITORIAL

---

- 92 Fascination Fluorine  
*P. Maienfisch*
- 93 The Importance of Fluorine in the Life Science Industry  
*P. Maienfisch\*, R.G. Hall*
- 100 Simple and Efficient Industrial Preparation of Various Trifluoromethyl Ketones and Derivatives  
*D. Michel*
- 104 Chemo-Enzymatic Synthesis of Chiral Fluorine-Containing Building Blocks  
*R.H. Blaauw\*, D.R. IJzendoorn, J.G.O. Cremers, F.P.J.T. Rutjes, Q.B. Broxterman, H.E. Schoemaker*
- 108 *gem*-Difluorovinyl Derivatives as Insecticides and Acaricides  
*T. Pitterna\*, M. Böger, P. Maienfisch*
- 117 Changes in the Activity and Selectivity of Herbicides by Selective Fluorine Substitution, Taking Bentranil and Classic® Analogues as Examples  
*G. Hamprecht\*, B. Würzer, M. Witschel*
- 123 Fluorine-Substitution in Cholesteryl Ester Transfer Protein Inhibitors (CETP-Inhibitors) – Biology, Chemistry, SAR, and Properties  
*H. Paulsen\*, C. Schmeck, A. Brandes, G. Schmidt, J. Stoltefuss, S.N. Wirtz, M. Löggers, P. Naab, K.-D. Bremm, H. Bischoff, D. Schmidt, S. Zaiss, S. Antons*
- 128 Influence of Fluorination at Position 16 of Antibacterial Pristinamycins II  
*E. Bacqué*
- 133  $\alpha$ -Fluoro-Benzylphosphonates as Reagents for the Preparation of 1-Fluoro-1-Aryl Alkenes and  $\alpha$ -Fluorostilbenes  
*T. Allmendinger\*, R. Fujimoto, F. Gasparini, W. Schilling, Y. Satoh*
- 138 Synthesis of Some Arylsulfur Pentafluoride Pesticides and Their Relative Activities Compared to the Trifluoromethyl Analogues  
*P.J. Crowley, G. Mitchell, R. Salmon\*, P.A. Worthington*
- 143 Bioisosterism of Fluorine and Cyano as Indole Substituents. Theoretical, *in vitro* and *in vivo* Examination  
*T. Heinrich\*, H. Böttcher, G.D. Bartoszyk, H. Schwartz, S. Anzali, J. März, H.E. Greiner, C.A. Seyfried*
- 148 Synthesis and Biological Properties of Novel Fluoroprostaglandin Derivatives: Highly Selective and Potent Agonists for Prostaglandin Receptors  
*Y. Matsumura\*, T. Nakano, N. Mori, Y. Morizawa*
- 153 Perfluorinated Brønsted 'Superacids': Powerful Catalysts for the Preparation of Vitamin E  
*T. Netscher\*, W. Bonrath, A. Haas, E. Hoppmann, H. Pauling*
- 156 Selective Synthesis of Fluorinated Compounds: Process Development and Preparation of Fluorinated Compounds from Gram up to Kilogram Scale  
*H. Steiner\*, H. Meier*
- 159 Microfluidics-Based Reactors for Safe Fluorinations Using Elemental Fluorine  
*M.D. Turnbull\*, N.B. Carter, S. Dennison, J. Deacon, R. Holley*

---

**CONFERENCE REPORT**

---

- 163 abc Technologies 2004  
Basel (Switzerland), January 22–23, 2004  
*C. Brändli*

**SCG/SSC/SCS**

---

- 166 DMC Division for Medicinal Chemistry  
168 DAC Division of Analytical Chemistry  
169 SANW  
169 New Members

**INFORMATION**

---

- 170 News  
171 Congresses • Conferences • Workshops  
172 Lectures

**CHIMIA-REPORT**

---

- 173 Markt, Apparate, Chemikalien und Dienstleistungen
